Welcome to CodexWiki

Welcome to the **CodexWiki** website. CodexWiki is the first ColdFusion Enterprise Wiki built on [Coldbox](#), [Transfer](#) and [ColdSpring](#). We are currently running a private beta now, but the open beta will be coming soon. **CodexWiki** is an open source software licensed under the [Apache 2 license](#).

CodexWiki is a copyright software by [Luis Majano](#) (Ortus Solutions) and [Mark Mandel](#) (Compound Theory)
